Joint Action Committee conveys to apprise you that the order of suspension of the four executives has been withdrawn, is in accordance of rules contained in BSNL CDA Rule and Circulars, guidelines issued from time to time, and is in order. When the officer was not competent, then the issue of the suspension order is in contravention of statutory provisions of the rule. It is a settled principle and law of land that no officer is permitted to contravene the statutory rule that is contained in the constitution of Government of India under Article-311. Hence Joint Action Committee raises the point of issue that the disciplinary action be started at once on the incompetent officer, who has acted on the whims, fancy, caprices and has exhumed for the personal interest.

I am sorry to inform you that when the order of suspension has been withdrawn by you, then the explanation of the charges framed in the contained letter of the suspension cannot be tendered. Hence the question of the submission of the explanation of the charges as stated above does not arises at all.

The issues raised through our letters dtd. 23/12/2014 & No. DS/AIGETOA/DBN/01 dtd. 20/11/2014 have already been forwarded to you. Joint Action Committee desires that the action taken by you may please be intimated within ten days.

Hence under the above circumstances as enumerated above, the agitational programme by all executives and non-executives of the Darbhanga SSA under the banner of Joint Action Committee is deferred subject to the fulfillment of the above with compliments and wishing you a Happy New Year.
